Diggin' the scene with the gangsta lean  
Always clean and my rap is mean  
The biggest fiend you've ever seen  
Can you relate? Do you know what I mean?  
I got money to flaunt, and I always get what I want  
I got 50 ways to get ya

The erogenous zone of the female species  
Attracts on to me, and if not, at least she's  
Stimulated to a point where she sees something intriguing  
But to me she's just suppressing her inner thoughts  
Your physical jive can't be bought  
I got 50 ways to get ya

I'll ask you for a play today, and if you say no, it's okay  
'Cause I'll just sit back and lay, 'cause it's a matter of time  
'Cause if I wanna be wit'cha, I'll take my money and bet ya  
If I really really want ya I can get ya by the end of this rhyme

I'll take your mind on a mental trip, to a place you've never been  
Make you see things in a way you never thought possible and then  
I'll change the gameplan, reverse the role  
Sit back and let you take control  
I got 50 ways to get ya

(50 ways)

I'm making my gameplan soon as I spot ya  
I'll come over and speak, and if you like it or not-a  
You're gonna speak because you feel you got ta  
At least say 'hi,' but then why not-a  
Get to know me, but you better watch your step

Because before you know it, I gotcha  
I got 50 ways to get ya

Some girls like to play the game  
Make you wait a year like it ain't the same  
You don't want a name and it's a shame  
We can't have fun, you're just prolonging the pain  
You don't wanna be hurt, that excuse is lame  
I'm like a lion that can't be tamed  
I got 50 ways to get ya

Waiting around for the perfect guy  
Nobody's perfect and it's not a lie  
Why waste your time? Why even try?  
Put the thought to rest, let it die, 'cause  
You know it's true—it's on you, now what you gonna do?
