

# Life's a Song

Kool & The Gang

Life's a song in your heart  
(Yeah, yeah, yeah, yo, yo)  
Life with music in your soul  
Life's a song in your heart  
(Whoa, yeah, whoa, yeah, oh, yo, yo)  
Life with music in your soul

Your heart's the fire  
Burning with desire  
Your passion's burning  
Like a burning flame  
Wisdom light shines on a few  
Well, you're a child  
Who really wants a view  
You possess the greatest seed  
Love is all you really, really  
Really, really need

Life's a song in your heart  
Life with music in your soul  
(Deep down in your soul)  
Life's a song in your heart  
(Yeah, in your heart)  
Life with music in your soul

Let your heart just be your guide  
Take your mind and search inside  
What you cannot see with eyes  
Let you know you can't deny, life

Life's a song in your heart  
Life with music in your soul  
(Just like a song, we sing)  
Life's a song in your heart  
(Y'all sing)  
Life with music in your soul  
(Can you feel it)

Life's a song in your heart  
Life with music in your soul  
Life's a song in your heart  
(You possess the greatest seed)  
Life with music in your soul  
(Love is all you really, really)  
(Really, really need)

Life's a song in your heart  
Life with music in your soul  
(Deep down in your soul)  
Life's a song in your heart  
(Yeah, in your heart)  
Life with music in your soul

Life's a song in your heart  
Life with music in your soul  
Life's a song in your heart  
Life with music in your soul...
