

# Love Come Down

Kool & The Gang

Girl, seems to me  
That we should be together  
And, girl, you know I'll give  
My heart to you forever  
Let's spend some time together  
'Cause precious moments are so few  
Girl, I see my future in you, oh...

Ooh, baby, baby  
Baby, let your love come down  
Let your love come down  
(Whoa-oh-oh...)  
Ooh, baby, baby  
Baby, let your love come down  
Let your love come down  
(Yeah)

Girl, I know your heart  
Has seen stormy weather  
And, girl, I'll give to you  
A love that's true forever  
Let's spend the night together  
'Cause precious moments are so few  
Girl, I see my future in you, oh...

Ooh, baby, baby  
Baby, let your love come down  
Let your love come down  
(Mm-hmm, mmm...)  
Ooh, baby, baby  
Baby, let your love come down  
(Girl, let, it come down, down, down)  
Let your love come down  
(Yeah, yeah, yeah, yeah)

Let's spend our lives together  
Precious moments are so few  
Girl, I see my future in you  
You, you, you, you, yeah, yeah

Ooh, baby, baby  
Baby, let your love come down  
Let your love come down  
(Don't be afraid of me, baby, no, no)  
Ooh, baby, baby  
Baby, let your love come down  
You can count on me, you can count on me  
You can count on me  
(Oh-oh-oh-oh...)

Ooh, baby, baby  
(Oh, girl)  
Baby, let your love come down  
'Cause I just want to love you right, girl, yeah  
Ooh, baby, baby  
Baby, let your love come down  
Love you right, hold you tight

Love you right all through the night, baby...
