

# Love & Understanding

Kool & The Gang

What would the world be like  
Without music and a song  
What would the world be like  
If we all could get along  
We could live in peace and harmony  
Oh, can't you see, just you and me  
Fill the world of love together  
Make it last forever and ever, yeah!

Everybody all over the world  
It's time for love and understanding

Come together  
Let's come together  
Let's come together  
Uh-huh, uh-huh  
Hey-hey, uh-huh, yeah!

What would the world be like  
If we change the wrong to right  
This whole world would be a better place  
For you and me, oh, can't you see

Mothers  
Fathers  
Sisters  
Brothers

Come together  
Just come together  
Come together  
Uh-huh, uh-huh  
Hey-hey, uh-huh, come together  
Uh-huh, uh-huh  
Hey-hey, uh-huh, come together

Come together  
Just come together  
Yeah, yeah, yeah

Everybody all over the world  
It's time for love and understanding  
Come together

Come together  
Come together  
Mother, come together  
Father, come together

Everybody all over the world  
Come together  
Everybody all over the world  
Come together

Brother, come together  
It's time for love and understanding  
Come together

Sister, come together  
It's time for love and understanding  
Come together

Everybody all over the world  
Come together  
Everybody all over the world  
Come together

Everybody all over the world  
Come together  
Everybody  
It's time for love and understanding  
Come together  
Come together

Everybody all over the world  
Come together  
Everybody all over the world  
Come together, yeah!  
Everybody all over the world  
Come together  
Everybody all over the world  
Come together...
