

# The Force

Kool & The Gang

Ow!

A long time ago  
In a place not far away (well)  
Everybody partied  
Very hearty everyday (uh-huh)  
They all danced real funky  
And they got down all the time (yeah)  
Singin' songs of glory  
Telling stories with a rhyme

There's somebody dancin'  
Now the power got a source  
They told us it was funk  
And they got it from the force  
You could feel it in the air  
You could feel it everywhere (uh-huh)  
And they danced all night  
Till the early morning light

Can you feel it, feel it, feel it, feel it  
Can you, yow!

Can you feel it, feel it, feel it, feel it  
Can you, let's get on down

Do-da-de-do, do-da-de-do-do-dow  
Just hit me with the funk  
Do-da-de-do, do-da-de-do-do-dow  
Just hit me with the funk  
Do-da-de-do, do-da-de-do-do-dow  
Just hit me with the funk  
Do-da-de-do, do-da-de-do-do-dow

Don't force the funk  
Just let it flow  
But feel the force  
Then you'll all know  
You can't force the funk  
You got to let it flow  
Well, then get on down and let go

Feel the force  
Can you feel it, feel it, feel it, feel it  
Yow!  
Just get on down

Can you feel it, feel it, feel it, feel it  
Yow!  
Let's get on down

Feel it!  
Feel the force

Feel it!  
Feel the force...
