

## Round One

Korede Bello

I've been waiting for too long  
Now the feeling is too strong  
I know what you came for  
Got you singing that new song  
You got me longing for more and more  
The way you shaking is beautiful  
I've been waiting for too long  
She wan make I  
She wan make I kiss it more

Movies we be making Shonda rhymes  
Putting all my feelings on the line yeah  
Make me put in work like overtime

But I like it  
And I know you like it  
You don't have to be shy  
You don't have to fight it  
You know what vibe is  
We can keep it private  
Kole ye won  
Kole ye won
