But now I thank God for saving me  
Thank God for loving me

To somebody wey dey spray millions

From the day wey the doctor start announce  
Say see wetin my mama baby bouncing  
The blessings just dey flow like fountain  
And it crush their scar and high as mountain ye  
Angels dey join me singing  
My people and my boys dey join me dancing  
And jumping spiritual something  
And it's true that my voice will stop the bombing yay  
Stop the bombing yay  
And stop the fighting  
My people hear my voice and start uniting  
Uniting cause all we need is one love  
One love o (4ce)  
I say one love cause that's the way it is

From nobody to somebody  
To somebody wey dey spray millions  
To somebody wey go save billions  
Somebody great eyon pataki  
From nobody to somebody  
Shebi na God wey dey do am for me  
Shebi na God wey go do am for you  
Somebody great eyon pataki

Early in the morning

Get up put my shoes on  
All I have in the world is my guitar and my soul  
Don't know where this road leads  
Don't know where it would take me  
I just have to keep on pushing through  
Mo wa di eniyan ti aye n p'ariwo  
E wo wan ban shey n p'ariwo  
That's the right thing  
Uniting but happy too just wanna be free  
Cause when the music feels alright  
Everybody feels alright  
No matter what colour you are  
Or what car you drive yay

From nobody to somebody  
To somebody wey dey spray millions  
To somebody wey go save billions  
Somebody great eyan pataki  
From nobody to somebody  
Shebi na God wey dey do am for me  
Shebi na God wey go do am for you  
Somebody great eyon pataki  
Oh oh oh oh oh oh oh oh  
Somebody great olokiki  
Oh oh oh oh oh oh oh oh  
Somebody great eyan pataki  
From nobody to somebody (Oh oh oh oh oh oh oh oh)  
Shebi na God wey dey do am for me (Oh oh oh oh oh oh oh oh)  
Shebi na God wey go do am for you  
Somebody great eyan pataki
