

Alone I Break

Korn

E5

Pick me up
Been bleeding too long

Em **F**

Right here, right now

Em **F**

I'll stop it somehow

Em

I will make it go away
Can't be here no more
Seems this is the only way
I will soon be gone

Em **F** **Em**

These feelings will be gone

F

These feelings will be gone

Em

R: Now I see the times they change

Dm

Leaving doesn't seem so strange

Em

I am hoping I can find
Where to leave my hurt behind
All the shit I seem to take
All alone I seem to break
I have lived the best I can
Does this make me not a man?

Em **F**

Shut me off

Em **F**

I'm ready, heart stops

Em **F**

I stand alone

Em **F**

Can't be on my own

Em

I will make it go away
Can't be here no more
Seems this is the only way
I will soon be gone

Em **F**

These feelings will be gone

Em **F**

These feelings will be gone

R: Now I see the times they change...

Em **F**

Am I going to leave this place?

Dm

What is it I'm running from?

Em

Is there nothing more to come?

(Am I gonna leave this place?)

Is it always black in space?
Am I going to take its place?
Am I going to win this race?
(Am I going to leave this race?)

I guess God's up in this place?
What is it that I've become?
Is there something more to come? (More to come)

R: Now I see the times they change... (2x)
