

Can You Hear Me

Korn

It walks with me
It takes its time
It sinks its teeth in one at a time
It loves to feed
It loves my past
It's always taunting but somehow out of grasp

Can you hear me?
'Cause I'm lost
And I may never come back again
And while my heart keeps holding on
I know I'll never be the same again

It talks to me
It holds my hand
It showers me with things I can't understand
It has no reason
It knows no time
It's constantly watching so it's not left behind

Can you hear me?
'Cause I'm lost
And I may never come back again
And while my heart keeps holding on
I know I'll never be the same again

Can you hear me?
'Cause I'm lost
And I may never come back again
And while my heart keeps holding on
I know I'll never be the same again

You know I'll never be the same again
You know I'll never be the same again
You know I'll never be the same again
You know I'll never be the same again

Can you hear me?
'Cause I'm lost
And I may never come back again
And while my heart keeps holding on
I know I'll never be the same again

I know I'll never be the same again
I know I'll never be the same again
I know I'll never be the same again
I know I'll never be the same again
