

# It's Gonna Go Away

Korn

Fu..., fu.. fu..., I got this bad cold  
And I got a life, I live it up  
I live it up

(It's gonna go away)

I don't want this to go away  
(go away)  
I'm so scared  
(oh so scared)  
I can't think of going on  
We all crumble  
We crumble under pressure  
(pressure)  
Pressure  
(pressure)

(It's gonna go away)

.... go live it up  
We're livin it up
