

It's Gonna Go Away

Korn

Fu.., fu.. fu.., I got this bad cold
And I got a life, I live it up
I live it up

(It's gonna go away)

I don't want this to go away
(go away)
I'm so scared
(oh so scared)
I can't think of going on
We all crumble
We crumble under pressure
(pressure)
Pressure
(pressure)

(It's gonna go away)

.... go live it up
We're livin it up
