

Lookaway

Korn

Each time I pull it apart,
I get disgusted, can't do it today
What makes it so good,
That a man would kill for it,
Lie just to lick a bit

Each time I pull it apart,
I get disgusted, can't do it today
What makes it so good,
That a man would kill for it,
Lie just to lick a bit

Fake it, you Like it, just take me away!
Hold it, just save it and i'll be repaid!

Each time I pull it apart,
I get disgusted, can't do it today
What makes it so good,
That a man would kill for it,
Lie just to lick a bit

Each time I pull it apart,
I get disgusted, can't do it today
What makes it so good,
That a man would kill for it,
Lie just to lick a bit

Take it, enlarge it, became it, before!
Like it, or hate it, and i'll be justified!

Ahhh Why Why Why What... What... What For

Fake it, then, like it, then like it, again, save me
