

Penance To Sorrow

Korn

Outside I'm looking for an answer
'Cause inside is gone
Each step the ground beneath me starts to break
I can't hold on

Hey you
Been hurting for a lifetime
Hey you
What for

I can't break it
Hurt is sacred all along
The sting of depression follows
I can't fix it
Pieces don't fit, they're too worn
Destroyed by a penance to sorrow

Look out the feeling's rushing back again
Too much, too numb
It's ripped the seam, I stitch it up again
Somehow it stays on

Hey you
Been hurting for a lifetime
Hey you
What for

I can't break it
Hurt is sacred all along
The sting of depression follows
I can't fix it
Pieces don't fit, they're too worn
Destroyed by a penance to sorrow

Staring back at me
I won't ever be free
Go go go
Never be free
Go go go
Never be free

I can't break it
I can't fix it

I can't break it
Hurt is sacred all along
The sting of depression follows
I can't fix it
Pieces don't fit, they're too worn
Destroyed by a penance to sorrow

I can't break it
Hurt is sacred all along
The sting of depression follows
I can't fix it
Pieces don't fit, they're too worn
Destroyed by a penance to sorrow

Go go go
