

The End Begins

Korn

Why did you leave me?
Why did you leave me?
Now they are free
And they are coming after me

Why did you leave me?
Why did you leave me?
Now they are free
And they are coming after me

(Why?) Why did you leave me?
(Why?) Why did you leave me?
(Why?) Now they are free
(Why?) And they are coming after me

They're coming
They're coming
They're coming
They're coming

Oh God, fuck
