

Beer Kill Kill

Korpiklaani

From evening to morning and morning to evening
I want to kill something, anything I can
From evening to morning and morning to evening
I want to kill because that's what I am

Kill kill
I want to kill from kills I get so blood drunk
Kill kill
I need to kill so you must die now
Kill kill
I want to kill from kills I get so blood drunk
Kill kill
I need to kill so you must die now

To kill you exciting, to kill you inviting
To kill you I'll do whatever I have to
Intoxicating invigorating
To kill as I can be as I always want to be

Kill kill
I want to kill from kills I get so blood drunk
Kill kill
I need to kill so you must die now
Kill kill
I want to kill from kills I get so blood drunk
Kill kill
I need to kill so you must die now

Kill kill
I want to kill from kills I get so blood drunk
Kill kill
I need to kill so you must die now
Kill kill
I want to kill from kills I get so blood drunk
Kill kill
I need to kill so you must die now

Kill kill
Kill kill
Kill kill
Kill kill
