

## Cottages & Saunas

Korpiklaani

Here we had built our cottages and saunas  
From the swamp we have shovelled our fields  
Nobody can take it away from us  
Not for free, and that's for sure

Attack forward you Nordic boy  
Fire to the balls  
Attack without fear through the enemy lines  
Attack and let it burn

Here we had built our cottages and saunas  
From the swamp we have shovelled our fields  
Nobody can take it away from us  
Not for free, an that's for sure

We eat iron, we shit the chain  
We never let them live  
Gunfire pounded night after night  
Ant then all was quit here

We saw the forest full of bodies  
Nobody could escaped  
And horses' carcasses among with the bodies  
And everywhere there burnt
