

On God

Koryn Hawthorne

Got my own Gucci, Louie, Prada
I can buy my own Rover off the showroom floor
So when I say that I need a provider
I'm not just talking money
Sorry, I need more

What I really need
Is I need that energy
The kinda love that pick me up and sweep me off my feet
Something so sweet that'll help me with my peace
When I think about it, You're the only one I need

It's all facts (It's all facts)
No cap (No cap)
No I (No I)
Can't lie (Lie)
But I (But I)
Know God (Know God)
He will (He will)
Provide (Vide)
It's all facts (It's all facts)
No cap (No cap)
No I (No I)
Can't lie (Lie)
He always got me (You always got me)
And that's on God

I finally got one
Got one
Something like a sponsor
A sponsor
Ain't nobody like Ya
Like Ya
Yeah, that's my provider
Provider, yeah

He ain't never took no loss
I already know what it cost
Even if I'm broke I'm a boss
So when I'm in need I'ma call Him
If it ain't Him than you lost me
You can see the light when I walk in
I'ma keep doing what He tell me
If I put it on Him then it's off me

I mean that what I really need
Is I need that energy
The kinda love that pick me up and sweep me off my feet
Something so sweet that'll help me with my peace
When I think about it, You're the only one I need

It's all facts (It's all facts)
