

# Legion

Korzus

War, misery, chaos and death  
The boiling blood of my nation  
Reality, you cry

Pain, anguish, fear and revolt  
The boiling blood of my vision  
Reality, you cry

[Chrous x2]  
Legion, buried up to your neck in shit  
Legion, your food is around you

Weapons, army, reason and life  
The boiling blood of my creation  
Reality, you cry

Pride, peace, heart and soul  
The boiling blood of my mission  
Reality, you cry
