Now I know my final destiny Resurrected forged in steel

[Verse]
Sounds like fury
Feels like hate
Breaking your necks
It's the metal faith

You can feel the power and glory It's our deal we are never sorry

[Verse]

[Chrous x2]
One, two, three
See you in the mosh pit
Four, five, six
Six seconds to be free

We can see from first to last Brotherhood of the brave and best

[Solo]

[Verse]
[Chrous]

One... Come with me
Two... Six seconds
Three... To be free
Four, five, six
Six, six, six seconds
