

The Sadist

Korzus

You wake up
In despair
In despair
In despair
In despair

With no idea
Where you are?
Where you are?
Where you are?
Where you are?

How you got there
Look my way
Look my way
Look my way
Look my way

You don't know
Who i am?

Your mind slows down
To hell
And i show you
My hate
You can't breath
Numb lips
Shaking hands
My name is death
You can believe
You can believe
You can believe
You must believe

You wake up
Crying in pain
Crying in pain
Crying in pain
Crying in pain

Your body hurts
Your mind slows down
Slows down
Slows down
Slows down

I'm like a demon
There's no escape
No escape
No escape
No escape

That makes me feel good
You and my blade

Your mind slows down
To hell

And i show you
My hate
You can't breath
Numb lips
Shaking hands
My name is death
You can believe
You can believe
You can believe
You must believe
