Crawling

Kosheen

I'm paralysed
Stuck between the devil and your smile
I've got my feet wet baby
Just about to die
And then you throw me back
Against the wall
What a nice surprise
Watch me fall
And you won't see me crawling
You won't see me crawling
No crawling ain't for me baby don't, baby don't see me
Crawling

If sentiment
Seems to be running dry
And there's no relent
I keep on trying
And then I realise
What I can do
Picking up the pieces of my life
I'll get over you

And you won't see me crawling
You won't see me crawling
No crawling ain't for me baby don't, baby don't see me
Crawling

(Crawling, Crawling, Crawling, Crawling, Crawling, Crawling)

I'm bigger know
Despite of you
And when it all turns round
It'll all come back on you
Make no mistake
I learnt my lesson now
The risks we take can break us down

Until we're crawling
Until we're crawling
I say crawlings not for me baby don't, baby don't see me
Crawling

Crawling
You won't see me crawling
No crawling ain't for me baby don't, baby don't see me
Crawling
