KOTA The Friend

Yeah, yeah, yeah

People say there's more to life  
Than getting rich and walking right  
Graduate from nine to five  
Sit and watch the time go by  
I don't really know, that may be it all  
It could be the whole thing  
I do what I want, I go where I please  
But still I want more things  
I let lost people run my life  
Sing these songs, it's all I got  
Lost myself to a part I play  
Now I'm just sad and my head hurt  
Ain't no wet foot, I go head first  
Hit the fork and I took a left turn  
Learning that I had to do it my way  
And before it gets better, it's gonna get worse

You better live for the right now  
And throw a smile on your face  
The good things in your life now  
Do not let them go to waste  
If I could give you some advice now  
Appreciate what you have  
Because if you lost it all right now  
I betcha you'd be in your bag  
Girl you better bask in that daylight  
Momma told me "Boy, fix your face right  
And if you keep whining, I promise, I'll give you good reason to cry"  
Life's short don't waste time  
Got a good girl gotta make time  
Gotta throw the ego to the wayside  
Show love, you ain't gotta say why, naw  
Don't waste time  
Got a good girl gotta make time  
Gotta throw the ego to the wayside  
Show love, you ain't gotta say why, no, no

I used to want to be up on the music blogs  
I used to want to sign a deal with Interscope  
I used to want to be up in the illest cars  
With the baddest women and the illest hoes  
And the mad Benz, on the cal, with the ceiling off  
Looking at my ex-girl, walking as I'm peeling off  
Camera pan close up on her face and she's still in awe  
I may not have a million but I'm chillin' Dawg  
And if I could go back, I would say to him  
"Just focus on your spirit and you'll make it Kid  
And do right by the women that you make it with  
Taking her for granted, she's someone you should be patient with  
Get your momma flowers, even when she get you mad mad  
And people backstab, be careful and keep a trash bag  
Skip the fast pass, be knowledgeable, that's the bag bag  
Polish all your skills, set your price, then you tax that  
Even if you independent no man is an island  
And do not put your stock in fresh trends and diamonds

And if you treat her good she won't think about your wallet  
You could put a rock on her finger don't make you solid"

You better live for the right now  
And throw a smile on your face  
The good things in your life now  
Do not let them go to waste  
If I could give you some advice now  
Appreciate what you have  
Because if you lost it all right now  
I betcha you'd be in your bag  
Girl you better bask in that daylight

Life's short don't waste time  
Got a good girl gotta make time  
Gotta throw the ego to the wayside  
Show love, you ain't gotta say why, naw  
Don't waste time
