

Yeah, yeah, yeah, yeah, yeah, yeah, yeah
O-oh, yeah
I

I need you to see me
The way that I see you, I'm bleedin'
I'm stayin' in ICU
Til we get away from this
From this
Baby, you need me to feel less alone now
You get hot and you put the phone down
All my love is still second-best to his
To his, babe
I need you to see me
The way that I see you, I'm bleedin'
I'm stayin' in ICU
Til we get away from this
From this
Baby, you need me to feel less alone now
You get hot and you put the phone down
All my love is still second-best to his
To his, babe

Give me all o' yo' love
Let me know that you mine
Niggas see that I'm yours and I see you the whole time
You don't seem to know why
Shorty grew up in the East
I was coming from the fourth
Forty minutes on the train
I just wanna see your face
We just wanna get away
Think about you every day, yeah
Saw you at the bus stop and catch yo' name
Caught your eye and I ran but was too late
Now you stay on my mind, it must be fate
If I had it my way, me and you could be great
We can go at yo' pace

I need you to see me
The way that I see you, I'm bleedin'
I'm stayin' in ICU
Til we get away from this
From this
Baby, you need me to feel less alone now
You get hot and you put the phone down
All my love is still second-best to his
To his, babe
I need you to see me
The way that I see you, I'm bleedin'
I'm stayin' in ICU
Til we get away from this
From this
You need me to feel less alone now
You get hot and you put the phone down
All my love is still second-best to his
To his, babe

I want this to last forever
I want to end the vendetta
Without ever betting on weather
Without ever having to settle
Shoulda never went to Seattle
Deflowering you for my meadow
I know I that I gotta be better
She said she could feel in her stomach
Bitch, don't lie to me
I got a lotta self-'steem, don't try with me
I gotta better my being, don't gas me, b
You gotta kill my pride, girl, humble me
And if I bump or speed, can you stop me please?
Can you tilt my head when my nose gon' bleed?
Can you heal my stings when I start to scream?

I need you to see me
The way that I see you, I'm bleedin'
I'm stayin' in ICU
Til we get away from this
From this
Baby, you need me to feel less alone now
You get hot and you put the phone down
All my love is still second-best to his
To his, babe
