Let You Drown

KOTA The Friend

I should be broke right now
'Cause I always bet all my profits
On you staying solid
So how could you fold right now?
Yeah, how could you fold? Ay, yeah

That's why I love to hate you
You want me wrapped around your finger
Till you say I'm starting to suffocate you
It seem like you just want in place
Yeah, I just wanna run away
'Cause I know that I'm too much of a coward
To just come and face you
And I know it's sad we don't stay inside the lines
I think you colorblind to the fact
That you don't say what's on your mind
All this weight is on your back and you not afraid to die
But these waves is coming fast
Yeah these waves is coming

So I jumped in that water
To keep you from sinking
Then you touched the land
You let go of my hand
Girl what was I thinking?
I shoulda let you drown
I knew you let me down
But some part of me
Was so stuck on you
Yeah I wanted you around
I should've let you drown
Let you drown, let you drown
Let you drown, let you drown
Let you drown, I shoulda let you drown
Yeah, yeah, yeah, yeah

Spoke love to you, I just wanna see you win
I'm your biggest fan, do whatever, make a wish
Making plans so what's up, we can make a list
Go around the world thirty times, I can make the trip
I was tryna build up, you was tryna break me
I was tryna love you, didn't know you'd hate me
And foolishly I figured I was going where it'd take me
And figured maybe one day you'd grow to appreciate me
But vibes don't lie [?]
There's no love for these hoes and I'm signing you up
A whole year done passed and I been on my shit
And you was smiling when you thought that I was down on my luck
But godspeed to these fake chicks and that ain't shit
Hoes on your line with that money on they mind
When a plan go left then the setup coming next
And I know this first hand, better listen to the man

So I jumped in that water
To keep you from sinking
Then you touched the land
You let go of my hand

Girl what was I thinking?
I shoulda let you drown
I knew you let me down
But some part of me
Was so stuck on you
Yeah I wanted you around
I should've let you drown
Let you drown, let you drown
Let you drown, let you drown
Let you drown, I shoulda let you drown

Girl what was I thinking?
I shoulda let you drown
I knew you let me down
But some part of me
Was so stuck on you
Yeah I wanted you around
