KOTA The Friend

A nigga live simple
If you done wrong I ain't holding it against you
Praying lil KOTA avoiding the shit I been through
Washing my sins in a river I never tell you a lie
If you fallin imma tell you to rise
Wings workin I compel you to fly
This society is fucked up
Everyone doing a lot of nothin much
Women feel inadequate niggas jus tryna bust nuts
People you empower to lead don't give enough fucks
Old slave money in some white kids trust fund ugh
On the outskirts never hear an outburst
Never find me in an aisle praising in a loud church
People diggin for gold but only found dirt
I just go with the flow and let the loud burn
Misguided if money is how you count worth
That's the kind of thinking that get a lot of these clowns murked
I hope the child learns
