They ain't see the work, nah

Uh, make sure you talkin' that money when you callin' my phone
Oh, you ain't fuckin' with me, I do it all on my own
Never bitter, but I'm stating the facts
I was lost, but I found my way back
My cousin spent a week in Bali
And I was lookin' at him sideways
Like why you ain't go with me?
He turned directly to me
He told me, "You is on your own shit" (You was doin' your own shit, bro)
I thought about it, I'm like, "Oh, shit"
I was up to my knees, I wasn't pickin' up phones
And I was deep in my work, and now I finally see

I got this shit 'cause I deserve it (I got this shit 'cause I deserve it)
I'm on a mountain, picture perfect (I'm on a mountain, picture perfect)
