

## Forever

Kottonmouth Kings

Just me and you  
Just me and you  
That's right  
Just me and you  
Just me and you...

You and me could go on forever  
Making songs that we'll sing together  
Just put your trust in me you're fine  
Take my hand  
We're going for a ride  
You and me we both got each other  
In this life depend on each other  
That's the way that it's supposed to be  
Me for you and you only for me

You helped me see so many beautiful things  
Opened my eyes made me conscious of my surroundings  
Helped me think before I speak you put my mind at ease  
When I had you by my side I was truly a king  
Unstoppable together we're like Bonnie and Clyde  
Damn I miss my Aunt I wish she was still alive  
Nothing to do with the song but her name was Bonnie  
I still miss her to this day but that simply is beyond me  
Can't change the past that's a lesson I learned  
'Cause when you're down and out your family is the only place to turn  
Believe me 'cause I know I've been down that road and crashed  
It felt so good to know I had someone to make me laugh  
Complete a feeling you're the reason I do  
Knowing there's no way that I could ever repay you  
Prices in my eyes you're my diamond in the rough  
Promise to be here forever I ain't never giving up

Look at you now wow it's mind blowing  
You went from a seed to be fully growing  
Expanded perfectly right before my eyes  
I love to see your face everyday when I rise  
You're like a pool of water rainbows and blue skies  
You're my beautiful daughter helped me realize  
My true potential true love and real life  
I could be high forever with you by my side  
I know it's not easy going through rough waters  
But I try to love your Mom like a real man oughtta  
Teaching respect and how you should be treated  
Sacrifices made like the miles between us  
It might sound corny putting this in a song  
But this is my gift to you to carry all life long  
And one day we'll look back and laugh  
You were just three years old signing autographs

This is for my girl my shoulder blade  
The one I wake up next to each and every single day  
My soon to be my life my everything  
My little Miss princess from around the way  
Dear Alison I got something to say  
I've been wanting to write you a letter  
But I think it would sound better

If I put it in song form okay  
First of all I just want to thank you for being you  
You know the way you look the way you feel  
Your touch it's so real  
We're getting stronger as the days pass by  
I can still remember when you cried for the first time  
In my arms I was right there to make you strong  
We've been dating for a while now  
And there ain't no looking back  
We fight a couple times but I still got your back  
We built a bond together it's me and you
