

# It Ain't Easy

Kottonmouth Kings

I served my time like a man  
Get up and take a stand  
My life is in your hands  
And that ain't right

(it ain't easy)

I don't want no complications, no isolation, (it aint easy, no no)  
I'm just doin my time  
(it ain't easy) it ain't easy when your facin incarceration for a victimless  
crime (it ain't easy)

Now I've seen a lot of people who got it worse than me  
Strugglin to survive, fightin just to feel free  
Incarcerated over dealin with a plant  
Or standing up for themselves for dealin with the man  
Its hard to think in a world of today  
That people get locked away for a victimless crime  
Doin serious time we must be out of our minds  
We need to stand up and get the laws refined  
Its up to us to stop writtin the tracks  
Start demanding the facts make the right decision  
A country run by the people was americas vision  
A democratic society where we're in a positon  
Thats why we have the right to vote  
But look what happened  
We legalize weed and the governments laughin  
Bush is still in office so we still in iraq  
We need to open up our eyes and take the power back

I served my time like a man  
Get up and take a stand  
My life is in your hands  
And that ain't right

In this world its all contained  
From time to time we all make mistakes  
Sometimes in life you cant catch a break  
Living hand to mouth going day to day  
And your personal lives start to get you down  
And there's not enough goodness to spread around  
All the views of the world start sleepin in  
And the sides of the walls start creepin in  
Now your thinkin crazy thoughts of desperation  
And your faced what you dont want to be facin  
Situations, sticky situations  
Freedom dead now incareration

How come the government can send us to fight  
But i cant do the things that i want like smoke a pipe  
Its punishment, crazy and people lose their rights  
Over something so simple that grows from the sky  
Keep askin my self the same old questions  
No answers just a bunch of complications  
Its confusin but oh well  
This lifes a trip with so many stories to tell
