

# Last Chance

Kottonmouth Kings

In this lifetime no one's guaranteed tomorrow  
So you make today the best day you can make it  
One life one chance

This will be our last chance  
Our dying breath  
Last chance before the end  
Last chance our dying dayz  
Last chance to change our ways  
Last chance to overcome  
Last chance for everyone  
Last chance to save our souls  
Last chance before we fall

So never count me out cats cool laid back when I'm down  
'Til my last breath pull it with the Zig Zag born with the game face  
Copped an attitude always watch my back  
Grew up and learned a lot from the old school  
Be my last chance to ever get to make a difference  
Ever get to make a change everybody's got opinions  
Until my dying dayz now I'm fine with the feeling  
Going out with a bang pride and the people give thanks

I got a huge sack of the best of the best  
You know who I am it's Richter I don't settle for less  
'Cause I love to get high yes I love to smoke weed  
And I love to drink beer plus I love the ladies  
I'm gonna have a good time with life while I'm living  
And I hate to drive but I'm definitely driven  
I thank the powers that be for blessing me  
With this gift of speech so I relay it lyrically

Now I've got one day to live tomorrow I gonna die  
Call my Pop's up on the cell phone wish him goodbye  
Call my Mother and my sister tell them both I love them  
Call my both my little brother's then E-Loc my cousin  
Then go get my girlfriend and grab her by the hands  
Yo look her in the eyes and tell her stick to the plan  
We going out blasting so you better get the money  
I love you baby this time around it ain't funny

This will be my last chance to make a change  
My last chance I'm gonna change today  
Because tomorrow I ain't gonna be the same  
Last chance I'm 'a' change today  
I said who wants to go through a life that amounts to shit  
Not me the saddest thing in life is wasting talent  
And with that said yo it's time for me to leave  
With my last chance I'll change the world indeed

Tomorrow may never come  
That's why I live my life always on the run  
You never know when you're gonna be looking down the barrel of a gun  
Point blank  
Point blank you can put that in the bank  
It's guaranteed money like a pound of dank  
High test yes life is a test

Until you're in the grave ain't no time to rest  
'Cause it's war time the time is now  
Take back freedom and make a vow  
Take a stand now and fight the power  
Rage against the system until the final hour  
It's a last chance to make a stand  
Open up their minds help them understand  
'Cause if not it might be too late  
When the whole world engulfed by greed and hate

'Cause I've seen many friends die way to young  
This is your life your chance  
You make a difference  
You make your reality what you want your reality to be  
You go big or don't go at all  
'Cause what goes up is bound to fall  
So you got to keep your game solid  
True, honest, faith and respect are words to live by
