Marijuana, yeah my one and only, she keeps me company,  
When I'm feelin lonely, we go together like cheese and bologna, if I  
was made of weed  
Shit I'd even try to clone me.  
Natures gift filled up with her powers, a couple hits and im lit for  
hours.  
I'm talkin how high like the Sears Tower,  
I like my Skunk sweet and my peach is sour.

Yeah I smoke the bomb you know its time to get it on,  
Roll it in a joint you can put it in a bong, fill your blunt up, smok  
e it til its dust,  
Theres no need to hurry theres no need to rush.  
Feel the rush when im all up in a cut, see me slowin down while y'all  
cats is speedin up.  
Never too fast I creep like a lowrider, fuck the cops when I puff.

I'm about to lose control I'll pack myself another bowl,  
Cause marijuana helps me with my high (marijuana) helps me open up my  
soul  
Powers of a magic bowl, everythng is better when you're high. (mariju  
ana)

(hey dude I saw that show) you can see I dont breathe (well no I dont  
smoke) well you know what I mean.  
When you're stoned it's a different zone your brains in heat,  
People get ta laughin at ya even im a comedian,  
And im gonna keep continuatin the fight til its legalized, til comple  
tely everytime that I aint getting high.  
So tell me why you want to fuck with me, come on dog let a stoner go  
free.

Now ya didn't burn it back homie wheres your sack at, break out your  
bong dog where you at at?  
Yeah we smoke kush and we smoke green crack, rollin endless blunts in  
the bus in the back back.
