

Rampage

Kottonmouth Kings

(It's time for some action, sometimes the only solution is revolution)
(We going on a Rampage)

Hey! Hey! We Going On A Rampage
Hey! Hey! We Going On A Rampage
(We Going) Hey! (We Going) Hey! We going on a Rampage
(We Going) Hey! (We Going) Hey! We going on a Rampage
We do it everyday
We do it our way
No matter what they say
We Going On A Rampage
We tearing up the town
We gonna burn it down
The revolutions now
We Going on a Rampage

We building up this shit, like some sick pyscho
Threats in your city on a pack of motorcycles
And I'm the gunslinger, who woulda bet I'm back in town
Majority rules, I'm over the fools, I won't be backing down
We going on a rampage, it's always suicide
Ran a gang, now we do our thing sideways
I'm like a bomb that's about to explode
A full clip and I'm ready to blow, yea
The clocks ticking it's the final countdown
7, 6, 5, 4, 3, yea, now, yea
Your barely half of the reason, I'll use this bat I'm squeezing
Got a mother fucker pissed off and I'm not to into pleasing

Hey! Hey! We Going On A Rampage
Hey! Hey! We Going On A Rampage
(We Going) Hey! (We Going) Hey! We going on a Rampage

You ever seen a whole pack of wild savages
Foaming at the mouth and now we rocking all the damages

I'm public to many, so why do they hate me, when I'm on the street
I say, yeah, yeah, tell me whatcha saying
You got me on the wrong, cause I'm going crazy, crazy
I'm intrepable, like a raging wild bull
with its nuts tied up, kick it down it's fucking dome.
Repping it, rocking it, wild
Hell of a wicked style
On a rampage, can you hear me now!
