

## About Me

Koven.

On my mind, so say it we'll hope  
And you were shy  
I could not agree that we were meant to be but  
Our love is what they talk about  
What they talk about in movies  
Our love is what they talk about  
What they talk about

Yeah, we were wild and free  
And you know everything about me  
So wild and free  
And you know everything About Me (Me, Me)  
You know everything about  
You know everything About Me (Me, Me)

You know everything about  
You know everything About Me (Me, Me)  
You know everything about  
You know everything About Me (Me, Me)  
You know everything about  
You know everything About Me (Me)  
You know everything about  
You know everything About Me (Me, Me)  
You know everything about  
You know everything about

Save me from myself, I really need your help  
I'm going under  
Save me from myself  
All I really ever wondered, is if I'm really going under

Yeah, we were wild and free  
And you know everything about me  
So wild and free  
And you know everything About Me (Me, Me)  
You know everything about  
You know everything About Me (Me, Me)

You know everything about  
You know everything About Me (Me, Me)  
You know everything about  
You know everything About Me (Me, Me)  
You know everything about  
You know everything About Me (Me)  
You know everything about  
You know everything About Me (Me, Me)  
You know everything about  
You know everything about

Me, you know everything About Me (Me)  
You know everything About Me
