

# Butterfly Effect

Koven.

I've been too comfortable  
Feeling nothing at all  
Think it's time for a change  
I've been afraid of nerves  
Figured they'd only hurt  
I just need to have faith

Keep me from keeping me, keeping me down  
Even me, even me out  
Free me, so I'm not afraid

Gotta let it go-o-o  
Let it flutter (Flutter, flutter)  
Let it flutter (Flutter, flutter)  
Gotta let it go-o-o  
Let it flutter (Flutter, flutter)  
Let it flutter  
I'm over catching butterflies (Flies)

Let it flutter  
Let it flutter  
I'm over catching butterflies  
Let it flutter  
Let it flutter

So what if I make a fool?  
My ego can only bruise  
It's nothing that I can't take  
It's better than being numb  
Waiting for sleep to come  
So I can dream about change

Gotta let it go-o-o  
Let it flutter (Flutter)  
Let it flutter  
Gotta let it go-o-o  
Let it flutter (Flutter)  
Let it flutter (Flutter)  
I'm over catching butterflies (Flies)

I'm over catching butterflies  
Let it flutter (Flutter, flutter)  
Let it flutter (Flutter, flutter)  
Gotta let it go-o-o  
Let it flutter (Flutter, flutter)  
Let it flutter (Flutter, flutter)  
Gotta let it go-o-o  
Let it flutter  
Let it flutter  
I'm over catching butterflies (Flies)

Let it flutter  
Let it flutter  
I'm over catching butterflies  
Let it flutter (Flutter)  
Let it flutter (Flutter)

Gotta let it go-o-o  
Let it flutter  
Let it flutter
