

Let Go

Koven.

What is the chance to have to do it all
What if a change made us forget it all
Give me a reason and I'll let you know
I saw a spark and I've seen it all

We're gonna let go and take it slow
No reason to believe
That it won't work 'cause we're focused
Like we've been here
Like when we were here before

We didn't listen this time 'round
Too many voices we drown 'em out
No need to answer, no need to speak
All of our actions were not to be

We're gonna let go and take it slow
No reason to believe
That it won't work 'cause we're focused
Like we've been here
Like when we were here before
We're gonna let go and take it slow

We're gonna let go and take it slow
No reason to believe
That it won't work 'cause we're focused
Like we've been here
Like we've been here

We're gonna let go and take it slow
No reason to believe
That it won't work 'cause we're focused
Like we've been here
Like when we were here before
We're gonna let go and take it slow
