

# Revenant

Koven.

Make it easy  
Let the words fall from your mouth  
It's been twisted  
I've been impaled by your doubt  
And I don't want this  
Forever feeling through this pain  
We could change

So  
Be real  
Be here  
Be ready again  
Be strong  
Be fierce  
Be everything  
'Cause I'm not waiting for you  
Be real  
Be here  
Be ready again  
Be strong  
Be fierce  
Be everything  
'Cause I'm not waiting for you

Darling, I'm so sorry  
My words finally broke the charm...  
It was just a picture cut  
From the framework of some dead moment
