

Settled

Koven.

I saw signs right before my eyes
But it took me time to care
No excuses, I'm feeling useless
'Cause you're not playing fair

We've been played by the hand we laid
Knowing that we will never win
Keep your time as a lesson learned
For the ending to begin

'Cause it's settled in my mind
Yeah, it's settled in my mind
'Cause it's settled in my mind again
Yeah, it's settled in my mind
That it's settled in my mind
'Cause it's settled in my mind again (again, again)

Things get old because we've been told
That it shouldn't be this hard (this hard, this hard)
You won't give because I won't take
We've conflicted from the start

'Cause it's settled in my mind
Yeah, it's settled in my mind
'Cause it's settled in my mind again
Yeah, it's settled in my mind
That it's settled in my mind
'Cause it's settled in my mind again (again, again)

'Cause it's settled in my mind
Yeah, it's settled in my mind
'Cause it's settled in my mind again
Yeah, it's settled in my mind
That it's settled in my mind
'Cause it's settled in my mind again (again, again)

'Cause it's settled in my mind
Yeah, it's settled in my mind
'Cause it's settled in my mind again
Yeah, it's settled in my mind
That it's settled in my mind
'Cause it's settled in my mind again (again, again)
('Cause it's settled)
