

Stranger

Koven.

They say the ones you love
Will always be there
When you fall
One of the little things
I took for granted
Like walking to your house
To see you standing
At your door
Then one day when
A piece of you departed

Every now and then
I get one moment (Get one moment)
Wish that I could stop
The hands of time (The hands of time)
Phrases seconded
So I can hold it
When I'm a stranger
That you recognise

And I wanna stay
Here forever
But I know that things
Won't get better
So I try to hold it together
When I'm a stranger
That you recognise

Your love, I still feel it
And there's nothing in this world
That could ever change that
Your love, I still feel it

Wish I could've listened
To the wisdom in your words
I should've asked you
So many more questions
I thought that we had
All the hours in the world
But I guess and now
I've learnt my lesson

Every now and then
I get one moment (Get one moment)
Wish that I could stop
The hands of time (The hands of time)
Phrases seconded
So I can hold it (I can hold it)
When I'm a stranger
That you recognise (You recognise)

And I wanna stay
Here forever
But I know that things
Won't get better
So I try to hold it together
When I'm a stranger

That you recognise

Your love, I still feel it
And there's nothing in this world
That could ever change that
Your love, I still feel it
