

Complexion

Kranium

Blacker the berry
Sweeter the juice
Yeah, my sisters, I can't refuse or lose

All up on your section, section
Loving your complexion (Ooh)
Baby, you, I choose
Sisters, I'll never refuse
I'm just all up on your section, section (alright)
Loving your complexion (Ooh)
Baby, you, I choose
My sisters, I cannot refuse

When I'm down
When I'm down
When I'm down
On the ground
On the ground, with my back turned
Story of a strong lady (Strong)
Fighting like a Navy crew
And I know I can see in your eyes
That your mind and your soul reflects all on me
Our love is so spiritual
Flowin' so natural

All up on your section (Ah)
Loving your complexion (Alright)
Baby, you I choose (Woah)
My sisters, I never refuse
I'm just all up on your section (Section, oh God)
Loving your complexion (Alright)
Yes, it's you I choose
Sisters, I cannot refuse

God's first gift when he created men
Y'all the strength of a black man (Strong)
Standing by my shoulder
Fight day and night like a soldier
Look good in what you have on
Natural from the day you born
Afro hair straight up
Beautiful without makeup

All up on your section, section (Alright)
Loving your complexion (Ooh)
Baby, it's you I chose (Woah)
My sisters, I cannot refuse
I'm just all up in your section, section
Loving your complexion, god (Ooh)
Yes, it's you I choose
My sisters, I cannot refuse

No, no
So beautiful
So amazing
All my sisters, know I love ya
Never will I mistreat you

You are the best, oh yes
I'm just loving your complexion
