Only one thing always on my head

I got a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, hey

I love Tanisha so much, but still missing Kim's touch, yeah

I have a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, aye

I love Tanisha so much, yet still mi a miss Kim's touch

Oh, addiction, addiction the devil I'm fighting with

These demons been calling my name, I can't seem to quit

I just done fuck Kimone and Simone is on her way

I don't know what to do, I'm trying in every single way

Story the other day

I was at work, yeah, at the studio recording a brand new song

I get a text from a girl that she just wanna come along

And I stopped what I was doing to go do her

And I feel like I'm losing my aim, 'cause...

I got a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, hey

I love Tanisha so much, but still missing Kim's touch, yeah

I have a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, aye

I love Tanisha so much, yet still mi a miss Kim's touch, aye

So many girls and so many places when I'm traveling

So many different races of girls, I know for a fact I gotta dabble in

And I may soon calm down one day

But fi now mi jus a gwaan meet and beat same way

Listen weh mi say okay

I got a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, hey

I love Tanisha so much, but still missing Kim's touch, yeah

I have a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, aye

I love Tanisha so much, yet still mi a miss Kim's touch

I got a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, hey

I love Tanisha so much, but still missing Kim's touch, yeah

I have a fuckin' problem

Only when mi fuck mi can fuckin' solve dem, aye

I love Tanisha so much, yet still mi a miss Kim's touch
