

# Draw Me Out

Kranium

I and I a travel thru the valley of the shadow  
I will always have God beside me  
And every time me see the hypocrites  
Getting closer I take weh myself neatly  
Because dem see me on a higher ground  
Dem wah fi get me closer down  
But none a dem caah defeat me  
And tell all a you fren dem weh a watch me career  
I tell unno straight say unno caah stop me

Because I I I I I nah mek dem draw me out  
I nah mek dem carry me go shell me out.. no  
No back door deal come to me real  
Life is so short and life is so sweet  
I nah go mek dem draw me ooouut

Trod by me self caah me nuh inna no group  
Got to hustle and do whatever I can do  
So even when dem see me down pon the avenue  
Dem haffi stay to the right and just screw

Because I I I I I nah mek dem draw me out  
I nah mek dem carry me go shell me out.. no  
No back door deal come to me real  
Life is so short and life is so sweet  
I nah go mek dem draw me ooouut

I see dem coming in  
I see dem coming in yeah  
I see dem coming  
Yes I see dem listening, yea  
I hear dem send dem friends fi come check on the block  
A talk a bag a ting bout Kranium ting need fi stop  
Bout what me do to them  
And what me say to them  
I thought they was my bredren  
Swear I thought they was my friend  
So why you wanna see my career go  
Why mankind is so cold  
A nuh everything glitter is gold  
Gold.. hey

I and I a travell thru the valley of the shadow  
I will always have God beside me  
And every time me see the hypocrites  
Getting closer I take weh myself neatly  
Because dem see me on a higher ground  
Dem wah fi get me closer down  
But none a dem caah defeat me  
And tell all a you fren dem weh a watch me career  
I tell unno straight say unno caah stop me

Because I I I I I nah mek dem carry me  
Carry me go kill me  
Carry me go kill me  
After none a unno never build me

Das why I I I I I nah mek dem draw me out  
I nah mek dem carry me go shell me out.. no  
No back door deal come to me real
