Kranium

Wake up in the morning, you give me that face  
You no have to say nothing  
Take it in the hut son, take it in the shade  
You know me no need  
I'm just living in the moment, yeah  
You say you want it in the moment, yay  
Hotter than the rising sun, ya  
Got me hotter than the rising sun

Emotional  
Every time we touch, you know it's emotional  
Take it in the morning, emotional  
You know me feel alright, alright, alright  
Emotional, arch me back  
Proper emotional  
Heart attack, call me emotional  
Gimme what I need, all night, all night, all night  
Tell me how you feel, ah yeah  
Tell me how you feel, ah yeah  
Show me you feel, ah yeah  
Show me you feel, ah yeah  
So tell me how you feel, ah  
So tell me how you feel, ah yeah  
Show me you feel, ah yeah  
Show me you feel, ah yeah

Sets up, benz up  
Every single time I get cancer  
You do the things them good  
Step up in the [?]

Dropping like my eye lids  
Ride it like I have no license

Aight miss?  
Fucking looking at me Irish  
I tell me hotter than the rising sun  
When the hookah is on the weekend
