RIKA

Hmm, what'd you say?

You keep workin' overtime
Spendin' all them dollars on me
I told you a million times
You can get it all for free

You bought me Gucci
Don't even suit me
You ain't gotta break the bank to keep me round
It ain't your money
That's getting you lucky
I just need somebody who can hold me down

So don't waste my time
You know that I earn mine

I work for my
Work for my money, ooh
I don't need my body on your payroll
You know I work for my
Work for my money, oh
I don't need my body on your payroll

So you got a million dollars?
That would never get me on you
Boy you gotta stop and realize
That I, work for my work for my money, ohh

You know I work for my
Work for my money, oh
You know I work for my work for my money, oh

Girl, you are the one that's worth caring for
It's not your love that I'm paying for
Your love is a token never play you no
I don't know why you start keeping score

I never found you in the rough but you're my diamond
I believe that you deserve the finest
My dear I want fit see your dreams come true
That's why I do what I do
Ooh...

Miss Independent, yes, I know
Everything I give is pure love

I work for my
Work for my money, ooh
I don't need my body on your payroll
You know I work for my
Work for my money, ooh
I don't need my body on your payroll

So you got a million dollars?
That would never get me on you
Boy you gotta stop and realize
That I, work for my work for my money, oh

You know I work for my
Work for my money, oh
(You got you and I got mine)
You know I work for my work for my money, oh

So don't waste your time
You know that I earn mine
So don't waste my time
You know I

I don't need my body on your payroll
You know I work for my
