Tell me say she waan taste me like pastry

But I'm different from everything
Say she want a bigger thing
Steady like a bobby pin
She a fuck and she a move like she a general
Now she haffi take a Panadol and Benadryl
Fuck her under a tree pon the beach
Bere backas me give it
When she call me, you know man a reach
Her boyfriend a watch the thing like a leach
When me a cum me sound like pastor a preach
(Glory!)
