

## Stamina...

Kranium

I don't know.

Turn up the headphones for me my brother, so I can catch this melody yah.

Woah

Ah Boy

Ahhhh, Oh

I've got the Stamina, To Hammer yah.

Meet me on the first flight, first floor, first Right, first room

I've got the stamina, to hammer yah

All you ah Talk and All you Agwan

From you said you want to buck me up,

from I buck right now I'm going to fuck it up

Go and touch your toes for me slowly

Take your time I don't want you to rip my shirt

Take my cock put it in your gut,

I like to buss juice on your big butt

All you a talk me and you ah get tuck,

tonight your going to get some good fuck

I've got the Stamina, To Hammer yah.

Meet me on the first flight, first floor, first right, first room

I've got the stamina, to hammer yah

All you ah Talk and All you Agwan

She a say, she is the baddest thing around the town,

I found that she's was really running me down and

she told me she was ringing my phone

so I picked her up in my Benz and I bring her home

And made her sit on my pon my tall pipe

And she is telling me right now that she really love high life,

foot high like a kite, so I ride like my RR bike

I've got the Stamina, To Hammer yah.

Meet me on the first flight, first floor, first right, first room

I've got the stamina, to hammer yah

All you ah Talk and All you Agwan
