Toxic

Kranium

(Ooh) Who would've thought I pushed you away (Way, way, way)
Back to make it up again (Gain, gain, gain)
It's only in your nature
And she don't like my behavior, woah

You got me up in my feelings
I'm tearing off your Vicky Secret
You got my heart in pieces
Ooh yeah, going through seasons

She said you ignore me and make me look dumb
Now we back in bed and you can't run
Caught up in a world of twisted love
And I know that it's toxic, girl

Toxic, toxic
It's so good but I know that it's wrong
Toxic
I ain't even tripping, I know you like it
Sometimes I can't stand you, you make me sick
It's so good, but I know that it's wrong
Toxic, yeah

Took me a minute but we're stuck like this
You did me wrong but want I more you
Now I'm thinking 'bout your body
You drive me crazy with your pretty face, yeah
Everyday me a beg, we come in like we a beg
This love too strong it's worst than a spade

You got me up in my feelings
I'm tearing off your Vicky Secret
You got my heart in pieces
Ooh yeah, going through seasons

She said you ignore me and make me look dumb
Now we back in bed and you can't run
Caught up in a world of twisted love
And I know that it's toxic, girl

Toxic (Toxic), toxic
It's so good but I know that it's wrong
Toxic
I ain't even tripping, I know you like it
Sometimes I can't stand you, you make me sick
It's so good, but I know that it's wrong
Toxic, yeah

Toxic (Toxic)
I know that it's wrong
Toxic (Toxic)
I know that it's wrong
Toxic (Ooh)
Toxic
