

# UnFck You

Kranium

Always up Inna your world  
Never want no space  
Get a taste ah me time, but you never say your grace  
Gimme a cheque refund for the time weh you a waste  
Have the key things lock, no bwoy Inna me place  
So much good love down the drain  
Why you love the game, unnecessary pain  
Why you fake with a real one  
Did you really want a real man?

UnFck you  
Really wanna UnFck you  
I really wanna untouch you  
Control Z, undo  
Why you play with my emotions  
And my feelings were so strong  
UnFck you  
Really wanna unfuck you

Really wanna get you out ah me memory  
Bury the feelings in a cemetery  
Plug out the energy  
A the only way me a get some serenity  
Dem say a man strong  
But in this ya situation, you stronger than me, baby  
Like a real vegetarian, we never meet, baby  
Should I FCK it  
Me a call you  
Why yah ignore me?  
Me love the secrets weh you show me  
Come pay me weh you owe me, oh!  
Owe me whole leap ah happiness  
The receipts fi the climax dem  
Confused if me really wah UnFck  
Or me wah FCK again

Up Inna yo world  
Never want no space  
Get a taste ah me time, but you never say your grace  
Gimme a cheque refund for the time weh you waste  
Have the key things lock, no bwoy Inna me place  
So much good love down the drain  
Why you love the game, unnecessary pain  
Why you fake with a real one  
Did you really want a real man?

UnFck you  
Really wanna UnFck you  
I really wanna untouch you  
Control Z, undo  
Why you play with my emotions  
And my feelings were so strong  
UnFck you  
Really wanna UnFck you
