

Wine Pon It

Kranium

Skin so soft come here take your clothes off
Wine on me, yea
After a slow start baby then you go fast
Never leaving you lonely
Body make me horny girl
When you doing it like carnival
One of a kind
Pretty like a Barbie doll
Mi see you can have it all my girl
Every time
Mi want fi take you to Jamaica
Girl what you gon' wait for
Oh give me your body girl
No one can keep you safer
Spend a little time
So me spend a little paper
Tell me what you're drinking
You coming home later
Good fire
Dash away the vibrator

I want you to wine down pon it
Wine down pon it
Sit down pon it
Gal sit down now
Wine down pon it
Sit down pon it
Gal sit down now
Gal sit down just
Wine down pon it
Gal sit down now
Gal sit down now

First place you in first place
First place girl your first place
Don't see nobody else but you girl
So come show me the truth yea
First place you in first place
Girl your First place in the first place
Hold that body like a trophy baby
Hey na na

You got a lot of things I'm addicted, to girl
Beyond your physical look's girl, beyond your physical looks
Imagine when you walking pon the beach in na the summer
You know and that juicy body moving so wavy you know
See me looking from behind, I'm craving,
Can't wait for you to wine, wine pon me my girl

Wine up on my side still,
Things with you aren't, so bad
You got me feeling good
You know me say you a drive me mad
I cannot wait, fi see you again
F#ck you right now!
Me na tell you, but na tell your friend
Then Again?

Jump on your body climb fat and I get
Cocky pointed like a Nike sign
Tell her long time you got to be mine
Oh gosh, girl you ah kill it with a cute wine
Me see you, me have to tell you one time
If you, if you ever let me go
Me say, me myself, if me love every single thing
Me have to give it to you all night, all night

Say that you'll be mine
So rare you hard to find
I had to jump the line
Went through 'bout ninety-nine
But when I get to you

I want you to wine down pon it
Wine down pon it
Sit down pon it
Gal sit down now
Wine down pon it
Sit down pon it
Gal sit down now
Gal sit down just
Wine down pon it
Gal sit down now
Gal sit down now
Gal sit down now
Gal sit down now

First place you in first place
First place girl your first place
Don't see nobody else but you girl
So come show me the truth yea
First place you in first place
Girl your first place in the first place
Hold that body like a trophy baby
