

## Another Level

Krayzie Bone

Somebody tell me please if what I speak is obsolete  
How come so many find there shine? I bet they copy me  
On another level so I take them to the other side  
Somebody tell me please if what I speak is obsolete  
How come so many find there shine? I bet they copy me  
On another level so I take them to the other side

How many times I gotta tell em, I'm slick with the letter  
There's nobody better than I  
The game is sick so I come with a medicine vibe  
True artists they never can die  
I look and they fiending for some of this crazy Jackson  
Like I did good dope  
Who in the hell say Kray ain't actor?  
Better go and ask 'em, niggas in there hood know  
Niggas in there hood know me  
I'm the lyrical criminal murder the track that's a homicide  
Everybody track killer, I'mma ride  
So lower the beat if it's down to die  
The game, the way that you long for this  
And the clones that's FEDing me wrong I guess  
With time, look at how strong I get  
Been in depth 20 years ain't burn out yet  
But I still get niggas that can't keep up with the flow  
With a nigga flow, got 'em on there rose  
So I got 'em on a choke hold, lone niggas that's like your popo  
And that's without solo, go low  
I hit a nigga then the beef done built  
But turned right up in here and got dealt with  
Nigga the message: This rap game I'm a ruler  
How much a rap I should present?  
Vow with a genius in your presence  
Style to represent the living legend  
Of the crown that never hasn't left me  
Cause the town no longer represent me  
When I'm dead and gone, my skeleton sit on the throne  
Clinching a microphone, destined to shine since I was born  
Defines the mind of a wilder storm

They told me they wanna hear music  
They really ain't tripping on none of my  
Dramas, man  
Besides it's profit to make and dollars to rake and I like Ben franks  
Cause I love my music my creative juices run like fluid  
Kind of like Nike shoes I just do it  
Flow so fluid don't even take effort to do it  
My lesson to students: Never out shine their master  
If trill, but don't switch to the path of differ  
Different than any rapper  
I'm hotter than hell but cold as Alaska  
Christ speaks chapters the verse can't hold me no mo'  
When I get in to my mornings flow mo'  
When the niggas off the road they so slow  
Get up in a nigga soul but I'm no ghost  
Ride up in them, the rhythm is about their demise  
So niggas duck get to splitting and divide  
If there a cue in divine they get a sign

Hit them in they mind, get me through the grind  
So I muscle the hustle, about them no more problems  
In fact when I come through I dodge them  
Real laid back nigga I squab them  
Whether the brain, Kray is a monster  
Don't need a sponsor, I'mma present myself Obama  
Yes we can say yes  
So sick with it all I can seek is my vicious death  
And it ain't no sleeping myself  
My illness is contagious, I'm infecting them young like rabies  
I'm an epidemic, I'm outrageous  
Keep on flipping niggas, I got pages what you wanna do?

Still in the race, I'm maintaining my lead  
Call me speedy Gonzales, I come with the speed  
Like 'andele, arriba'  
The nigga was like concentrate believer  
A beast a monster severs the reverends  
Competitive spell, and came to do damage  
Last man standing, microphone bandit  
Niggas can't stand it that's why I brand it  
Man its still Bone Thugs and Harmony  
And all my fans still feeling for all the BTHUT  
And if they feeling let in more though  
No less I might get rammers in a porno  
You think they get winded, if you want to contend  
There's a strip for ten men  
When it comes to the pen like oozing  
And anybody do it against me don't win  
So think about it don't run against me no sin  
Looking at the man bitch I wonder where your mob is  
Take it as a hint and put him on a wood  
Then knock him then work on your flesh like I'm desperate and fresh out the  
hood  
A bastard style nobody had this  
In the prison and if I'm the baddest, illest, the maddest  
Lyrically certified ain't to many niggas that ain't heard of mine  
With the perfect rhyme by the time I can finish is curtain time  
I rap but I stay on a dirty grind with my murderous vibe  
I'll murk your minds search and find  
Reject of a railroad and I fly by like hot metal  
Got a million bitches single  
So I'm coming fellow, foot on the pedal lets go
