

# Don't Know Why

Krayzie Bone

I want to hurt you I don't know why  
I want to hurt you I don't know why  
I want to hurt you I don't know why  
I want to hurt you I don't know why

Woke up this morning in a cemetery kinda weary  
Looked over my shoulder and I seen somebody just been freshly buried  
Was kinda scary 'cause my shirt was soaked in blood man  
Shovel in my hand so I had to be the one that dug that  
But I had no knowledge  
I don't remember even leavin' the house man  
Can't explain how I got here  
It's like I was walkin' but I was unconscious  
But I had to be wallin'  
'Cause I seen the bloody machete ah  
It was used on the victim to shred him up  
Oh my god don't tell me I  
Oh shit  
Something's going wrong I don't know what's going on  
All I know was I was home then I woke up here alone  
Wondering who was in that hole I ain't stickin' around to know  
My mind is blank and I'm so cold and I don't know which way to go  
Runnin' in the rain  
I'm barely breathin' more like wheezin'  
Runnin' in the rain  
How could this be what I was heavin'  
I made it to my house I closed the blinds and shut the door  
Somebody please tell me what's going on 'cause I don't fuckin know

I want to hurt you I don't know why  
I want to hurt you I don't know why  
I want to hurt you I don't know why  
I want to hurt you I don't know why

Jumped in the shower washed the blood from off my body  
Rolled up a blunt I'm feeling psychotic mixed me up some ginentonic  
But I'm nauseous feeling woozy like I'm in the twilight zone the movie  
How did I do it how did I get through it  
And I wondered if anyone knew what I was doing  
Sat down and clicked on the tube  
Flipped to the news I'm trying to find answers  
Who's body is on my hands and how did the situation get so drastic  
Its madness  
And I just can't take no more I passed out  
Couldn't help but crash out from last night I'm dashed out  
Slept for a minute but I didn't sleep to long before  
I was awakin' by some heavy bangin' on my door  
It was the popo 'cause inside they shined their flashlights  
Gotta funny feeling this has something to do with last night  
They tried to tell me that I'm wanted for kidnap and murder  
Tellin' me they got proof that I murdered my ex-employer  
Don't think my lawyer can help me with this one  
I grabbed my pistol put the clip in  
And I'm out the back window  
I'm gone.
