

# Legend

Krayzie Bone

I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
They're gon' read about me!  
They're gon' read about me!  
They're gon' read about me!  
They know about you!

I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
They're gon' read about me!  
They're gon' read about me!  
They're gon' read about me!  
They know about you!

Here we go again, I'm 'bout to still 'em with the flow  
They running 'cause they know I'm 'bout to murder with the blow  
They figure, never wanna try to get it to the dome  
Get the chrome, get the sawed (off), when they creepin' on the Bone  
So I kill 'em with the rhythm  
If a nigga heard about it, nigga reckon  
You can tell 'em it's true  
I'm deadly with the lyrical venom  
I get up in 'em and they wanna be like you-know-who (yeah)

Never be another I'm too real  
Come and try and get it if you dare  
Competitors you better beware, be prepared  
I'm comin' for lyrical warfare, I'll be there  
When they read about me, they'll believe about me  
They can see this other game couldn't breath without me  
Tryna leave without me, didn't need to be 'round me  
And I got back on my feet and got back every crownin'

So I'm sending a message, don't fall victim to my methods, don't be dumb  
Don't be stressing, 'cause you'll never get close to Leathaface  
Get ya some!  
It's amazing! Truly amazing!  
The way that I keep it consistent and I do this simply by being original  
No, not a myth but I'm a legend, give my gift to pass the present  
And nigga let's shift, shift, some ready  
We deadly, quicker than when you said it  
Learn the lesson, tell them niggas class is now in session, my suggestion:  
You need to research my work 'cause all of my work say

I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
They're gon' read about me!  
They're gon' read about me!  
They're gon' read about me!  
They know about you!

I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
They're gon' read about me!  
They're gon' read about me!  
They're gon' read about me!  
They know about you!

Ain't no other niggas that can see me on the microphone  
And I said it while I'm willin' to bet it  
So put your money where your mouth is, nigga let's get it  
Ready, steady, comparing me, deadly  
No competition I told y'all niggas  
Went a little further and I showed y'all niggas  
Now think about this: where they get their style from?  
All you gotta do is go and listen to the album

You can see the DNA in all of my children, illegitimate bastards  
Skills, they come with a passion more than you could ever imagine  
I'ma get it in with this magic  
Y'all got hits but Bone Thugs got classics  
Extraordinary, y'all niggas average  
Still keep an automatic weapon in the dash  
If a nigga pull up on me I'll grab and I'll blast

I don't really care who the fastest  
Nigga, show me who more accurate, who's more active?  
Who's got talent and who's just acting?  
Fakin it 'til they make it, niggas plastic

(Brotha!) I ain't never scared  
(Uh uh!) I'm coming forever prepared (Uh huh!)  
Imitators, you better beware  
Hall of fame and you know I'll be there

When my mic hot in the right spot  
When the lights shine and my lyrical verbal strongs  
Scream it out, once again it's on, and I'm on my Bone, Bone, Bone  
This organic, nobody that's here on this planet can handle  
No question  
So I'm stressing, hardcore flexing, who the best is, no guessing

I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
They're gon' read about me!  
They're gon' read about me!  
They're gon' read about me!  
They know about you!

I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
I'm a legend (salute!)  
They're gon' read about me!  
They're gon' read about me!  
They're gon' read about me!  
They know about you!
